## Athletic Accident Insurance

As an athlete at a Maricopa County Community College District institution, you are provided with a **secondary accident insurance policy**. This insurance policy is **NOT** a health insurance policy and may not be used in cases of illness. **This is an accident insurance policy that provides supplemental (secondary) coverage for all injuries sustained while participating in intercollegiate athletics.**

This means that your personal insurance (primary insurance) carrier **WILL BE** utilized and they will pay their normal benefits before the school's supplemental accident insurance will pay any benefits. For example: if you belong to an HMO or PPO (CIGNA, Intergroup, Aetna, BC/BS, etc.), you **must** follow their procedure for filing a medical claim. After your private insurance has paid its portion of the benefits, then the secondary accident insurance will apply to the remaining portion of the medical bill. As with all insurance carriers, the supplemental accident insurance has its restrictions and exclusions. Therefore, all claims **must** be filed as soon as possible with the athletic trainer to prevent claim denial due to time restrictions. In addition, the supplemental accident insurance is **not required** to pay all remaining balances after the primary insurance carrier has been utilized. If this is the case, the remaining balance after both the primary and supplemental insurance have been utilized, **is the responsibility of the student athlete.**

The athletic trainer will assist you with filing a claim with the supplemental accident insurance carrier. It is important to note that all medical bills are the **responsibility of the student athlete. It is also the responsibility of the student athlete that all medical claims are properly filed with their own personal (primary) insurance carrier, and with the school provided supplemental accident insurance carrier.** If a medical claim is not filed properly or the primary insurance carrier's guidelines are not followed the student athlete will be responsible for any and all medical bills. At times the supplemental accident insurance policy will require additional information from the student athlete. Again this is the sole responsibility of the student athlete to follow through with all additional requests from both the primary and supplemental insurance companies. Failure to follow through with these requests can lead to failure and delay of any payment for medical treatments and the possibility of the student athlete going into collections.

My signature verifies that I understand the accident insurance policy provided by Maricopa County Community College District is a supplemental insurance policy. I also understand that if I do not follow the claim filing procedures set forth by my primary insurance carrier and the school provided supplemental insurance carrier, **I will be responsible for all medical bills.**
